## Benfleet Office Support Staff Team Building Go-Kart Day

Saturday 5th June saw the first Benfleet Office Team Building Day for those within the Support Staff Departments.

Thank you for everyone that attended, and for those that couldn't make it you unfortunately missed a great day!

Following on from Kaveh's MBTI session that afternoon, which I think everyone would agree was a worthwhile and insightful session, all aspiring Lewis Hamilton's made their way to Rayleigh Karting Stadium for a Formula Sprint session of 20 practise laps, 20 qualifying laps and a 30 lap final.

Following on from winning last year's Benfleet title was Ian Elder in first place, closely followed by a very impressive display from Jennifer Peagram; showing the majority of male drivers exactly how it's done! Stuart Proudfoot managed to squeeze into third place after finally managing to put Eman under enough pressure to force a mistake.

Winners will now compete against winners from our other UK offices and details of which will be circulated when confirmed.

Thank you to the management for organising the day and watch this space for the Operations Team who will be organising their karting day very soon.

Stuart
